

Time Punch Service

Don't be late for success anymore.

Success always tic tacs and you have to be on time to meet it. You and all your team.

Junbi Time Punch is a great tool for time management and schedule supervision in a simpler and affordable way, with just a Junbi Box and no need to implement a control system from scratch.

Case study

Case Study

Lisb'on Hostel

Lusa used of our check-in service for their 30 year commemoration conference for more than 800 guests.

Lisb'on Hostel needed a solution to control the entries and exits of the shifts.

- 1. Junbi generated QR Codes for each employee**
- 2. The QR codes were placed in each employees' card**
- 3. Employees scan their QR Code on a Junbi box at the hostel.**

Now Lisb'on Hostel is able to control the entries and exits of each employee and keep track of it online.
